

# REAR MOUNTED BIKE RACKS AVAILABLE IN AUSTRALIA 2011-2012

We have tested all the listed recommendations individually.

Please note that if you don't find your car in this guide, it may be for several reasons.

- 1 Your car has a plastic/weak/large spoiler.
- 2 Your car has a plastic or a divided rear door.
- 3 The car manufacturer does not allow the fitting of rear door carriers.
- 4 Your car is very new on the market (please call **02 9439 2526** for an update).

Car manufacture's market their models with different features in different countries around the world (e.g a chrome part or spoiler is added on the rear door). Due to weakness in a plastic spoilers, rear door bike carriers are not allowed to be used on these cars, even if they are recommended in this guide. Thule does everything to take this into consideration but can not be held liable for these local deviations.

## Accessories

**Thule Knob lockable 526/527**  
Locks bike frame holders on rear mounted bike carriers.(if not standard)  
526 = 2 pack. 527= 4 pack.

**Thule Cable lock 538**  
Plastic coated, 180 cm long steel cable that locks almost anything. With lock protection.

**Thule Wheel adapter 9772**  
Special protection for road bikes and mountain bikes. Place between the strap and the rim. Protects the rim on mountain bikes and helps secure the wheels of road bikes.

**Thule Bike frame adapter 981/982**  
For easiest possible fitting of bikes with non-standard frames, as well as lady and BMX bikes. 981 for carriers with bikes hanging (e.g. ClipOn, FreeWay, HangOn, Xstream) and 982 for carriers with bikes standing on a platform.

**Thule Lightboard 976**  
Substitutes the most important rear lights on your car. Easily fitted with adapter 9761 (Thule HangOn, and Thule Xpress), or by using straps (Thule BoltOn).

**Thule One-Key System**  
Avoid the hassle of several different keys, upgrade to Thule One-Key System and get one key for all Thule products.

**Need to transport one or two extra bikes?**  
**Add adapter 973-23 and 973-24**  
With adapter 973-23 the capacity of Thule BackPac increases from two to three bikes and with adapter 973-24 from three to four bikes.
